Yep. That was a big error on my part. Alan caught that yesterday and I already corrected. Thanks for taking a look. Do you have info on comments we received on new devel to add? See Jayne's added section for that.

I really like this document, Allison. See my comments and thoughts on the attached. Sorry about not providing a tracked version. I forgot to put the tracking feature on.

All--

After our call, I went ahead and converted my "issue" paper on unsolicited comments into a shorter "update" for mngt. In doing so, I went ahead and took a stab at some of the other "updates" we wanted to share related to new devel, landslides, and a general update on responding to comments (we didn't discuss but thought this would be helpful).

The new devel and landslides are more of place holders for now so topic leads please revise as necessary. Not sure if this is the right level of detail for not for these items.

Hi Alan,

Great paper. See attached for another option to consider and very minor edits.

All,

Attached is a more current "Forestry Riparian" Issues Document. This explores three different options vs one. Feel free to give me a call if you have any questions.
